

TIMOTHY KELLER ON JESUS AND FORGIVENESS

The following is from Timothy Keller's, The Reason For God: Belief in an Age of Skepticism:

Most of the wrongs done to us cannot be assessed in purely economic terms. Someone may have robbed you of some happiness, reputation, opportunity, or certain aspects of your freedom. No price tag can be put on such things, yet we still have a sense of violated justice that does not go away when the other person says, "I'm really sorry." When we are seriously wronged we have an indelible sense that the perpetrators have incurred a debt that must be dealt with. Once you have been wronged and you realize there is a just debt that can't simply be dismissed—there are only two things to do.

The first option is to seek ways to make the perpetrators suffer for what they have done. You can withhold relationship and actively initiate or passively wish for some kind of pain in their lives commensurate to what you experienced. There are many ways to do this. You can viciously confront them, saying things that hurt. You can go around to others to tarnish their reputation. If the perpetrators suffer, you may begin to feel a certain satisfaction, feeling that they are now paying off their debt.

There are some serious problems with this option, however. You may become harder and colder, more self-pitying, and therefore more self-absorbed. If the wrongdoer was a person of wealth or authority you may instinctively dislike and resist that sort of person for the rest of your life. If it was a person of the opposite sex or another race you might become permanently cynical and prejudiced against whole classes of people. In addition, the perpetrator and his friends and family often feel they have the right to respond to your payback in kind. Cycles of reaction and retaliation can go on for years. Evil has been done to you—yes. But when you try to get payment through revenge the evil does not disappear. Instead it spreads, and it spreads most tragically of all into you and your own character.

There is another option, however. You can forgive. Forgiveness means refusing to make them pay for what they did. However, to refrain from lashing out at someone when you want to do so with all your being is agony. It is a form of suffering. You not only suffer the original loss of happiness, reputation, and opportunity, but now you forgo

the consolation of inflicting the same on them. You are absorbing the debt, taking the cost of it completely on yourself instead of taking it out of the other person. It hurts terribly. Many people would say it feels like a kind of death.

Yes, but it is a death that leads to resurrection instead of the lifelong living death of bitterness and cynicism.
